

EXCELLENCE IN EDUCATION

THE BLOCKIES.

2024 Australian Blockchain Awards

Nomination Questions

The **Excellence in Education** award recognises educational institutions, whether universities, TAFEs, schools, podcasts, channels or online platforms, that have demonstrated exceptional excellence in providing blockchain, digital asset and web3 education across various modes and delivery models. This award celebrates their ability to deliver high-quality and accessible blockchain education, catering to diverse learning needs and preferences.

Eligibility

- This is a business award.
- Open to businesses from both Australia and internationally, provided international businesses are actively operating within or have a significant business presence in Australia.
- Open exclusively to educational institutions, including universities, TAFEs, schools, and online learning platforms. Platforms can include podcasts, events and channels dedicated to education.
- Nominees must have showcased a robust and comprehensive blockchain, Web3 and/or digital currency curriculum, ensuring a blend of theoretical knowledge and practical insights.
- Evidence of initiatives or programs aimed at enhancing blockchain and/or digital currency education, incorporating a variety of learning modes and delivery models, is essential.
- Innovative teaching methodologies, tools, or resources that cater to diverse learning needs and preferences will be given special consideration.

Curriculum Excellence: Describe the key components of your institution's curriculum. How does it ensure a balance between theoretical learning and practical application? (200 words max)

Programs and Initiatives: Detail any specific programs or initiatives your institution has introduced to enhance education. How do these programs ensure varied learning modes and effective delivery models? (200 words max)

Innovative Approaches: Share some of the innovative teaching methodologies, practices, tools, or resources your institution has adopted to cater to diverse learning needs and preferences in education delivery. (150 words max)

Impact and Outcomes: Discuss the outcomes of your educational strategies. How have your graduates or students benefited from your approaches, and what impact have these approaches made in the blockchain industry? (150 words max)

Feedback and Evolution: How does your institution gather feedback on its blockchain education offerings? Share any adaptations or improvements made based on this feedback to ensure continuous improvement. (150 words max)

Collaborations and Partnerships: Highlight any collaborations or partnerships with blockchain firms or other institutions to provide enriched learning experiences for students. (150 words max)

Uploads:

Logo: Please upload a high-resolution logo of the organisation.

Company Overview: Provide a brief business bio (max 50 words)

Supporting Documentation: Attach any relevant documents, case studies, endorsements, testimonials, or other materials.
